

ASSEMBLY BILL

No. 2072

Introduced by Assembly Member Mendoza

February 18, 2010

An act to amend Section 124119.5 of the Health and Safety Code, relating to public health.

LEGISLATIVE COUNSEL'S DIGEST

AB 2072, as introduced, Mendoza. Hearing screening: resources and services.

Existing law, the Newborn and Infant Hearing Screening, Tracking, and Intervention Act, requires every general acute care hospital with licensed perinatal services to offer every newborn a hearing screening test for the identification of hearing loss, as specified, and provide written information on the availability of community resources and services for children with hearing loss to the parents of those who are diagnosed with a hearing loss.

Existing law, the California Early Start Intervention Services Act, commonly known as the Early Start program, provides various early intervention services for infants and toddlers who have disabilities to enhance their development and to minimize the potential for developmental delays.

This bill would, instead provide that the written information shall be on all communication, options for children with hearing loss, and that the information shall be provided to parents when their newborn or infant fails the hearing screening, at a followup appointment to diagnose a hearing loss, and at entry into the Early Start program. It would also specify additional items of information to be provided pursuant to these requirements.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 124119.5 of the Health and Safety Code
2 is amended to read:
3 124119.5. (a) Parents of all newborns and infants ~~diagnosed~~
